

## The Intelligencer.

In view of the approaching holidays, the Council of Gratification have prohibited the sale or use of fire-crackers within the city limits. Sensible.

AND HOW IT IS THAT THE Pleasant Register that calls for a "pause." It wants its readers to pause and consider whether they owe the editor anything.

THE Morning Journal is of opinion that West Virginia ought to have a registration law—"not such a one as we had with disabling clauses and test oaths, but a plain, simple listing of voters—in the opinion of the newspaper the Register is right.

THE Morgantown Post is pretty good on a gun. Its latest is about a boy who killed two rabbits at one shot, about another boy who killed four squirrels at two shots and didn't see them when he shot, and about a fellow who killed nine partridges with a stone at one throw. The West Virginian can do better than that, we are confident.

THE discussion in the First Branch of Council Thursday evening on the resolution to exempt the property of the Baltimore & Ohio Railroad Company from taxation, "past, present and future," is fully reported on the second page of this paper. City and county readers would do well to read it. The speeches of Messrs. BLAIR and STANTON present the case against the exemption in a way that seems to us utterly unanswerable.

THE Parkersburg Journal (be patient, we mean, the "State Journal," published at Parkersburg) says our friend Hon. ORAY JOHNSON really was sick the week he resigned his seat in the Senate, and that we are very unfeeling to impute the contrary. Well if that be really so, let our apology. The combination of circumstances was so much against him that in self defense he ought to have published the physician's certificate, and next time we advise him to do it.

OUR friend, the chief editor of the Parkersburg Journal (State Journal we mean), has a happy faculty of treading on peoples' coals. He is like the Irishman in that he enjoys a shiny to the touch, but he cannot resist the temptation to hit a lead wherever he sees one. The last scold he cracked was the Point Pleasant Register's. For particulars, see the correspondence between the Journal and Register, copied elsewhere under the head of "Personal." Now, if that don't result in pistols and blows, we would like to know what would.

UP to the time of this writing (Tuesday morning) we have only received two small mails from the West in a week. The latest Wheeling papers that have come to our postoffice is December the second.—The Intelligencer.

That's what you get for living 'way out of the world.

FINANCES OF STEUBENVILLE.

In connection with the reduction of \$12,000 in the local tax levies of the city, shown by the comparative statement of the years 1870 and 1871, published yesterday, it is worthy of notice that a reduction of \$19,000 in the city debt has been effected this year. The city debt now stands in round figures as follows:

Water Works Bonds, six per cent., old, \$30,000  
Water Works Bonds, six per cent., new, 50,000  
Municipal Bonds, five per cent., 50,000  
Total, \$130,000  
Provision has been made in the reduced levy of 1871, however, for \$14,000, which will be applied to the further reduction of this debt. According to the estimates of the Finance Committee of the Council, the total debt of the city of Steubenville, on the 1st of August, 1871, will not exceed \$100,000. Of this sum, it is estimated that \$10,000 will be paid by the surplus revenues of the Water Works, thus reducing the burden to be provided for by the future local levies to \$90,000.

There has been a good deal of looseness of statement as to what the city owes and its prospect for ultimate freedom from indebtedness. The above compilation, based on official figures and estimates and it answers many of the queries that have been made by the tax-paying public.

Church Wedding in High Life at Steubenville.

From Friday Evening's News.

The marriage of Dr. John G. Johnson, of this city, to Miss D. Doty, daughter of Dr. L. Doty, 1254, attracted a large audience to St. Paul's Church last evening. Long before the arrival of the bride party, the area in front of the church was filled with a crowd of city loungers and chattering, and when the doors were thrown open, the interior was thronged with the fashionable assemblage. Rev. Dr. Preston, of St. Andrews Church, Pittsburgh, performed the wedding ceremony. The groomsmen were Messrs. A. McKee, Mr. D. D. Stewart and Master Harry Doty, brother of the bride, and the bridesmaids Miss Doty, sister of the bride, Miss McKee and Miss Stewart. The ceremony was a very simple one, and was held at the residence of the bride's parents on South 3d street. The brilliant company included a number of ladies and gentlemen from Wheeling and Pittsburgh and the beauty and fashion of the city with its brightest looks and in its liveliest and richest colors. An excellent orchestra supplied the music for the evening and the floral decorations and arrangement of the tables were specially tasteful. From her parents, the bride received many presents, and her relatives and hosts of friends, the bride received many elegant presents. Thereafter, the bride party went to Cleveland and thence to Detroit, where the bride and her party will be received by her relatives and hosts of friends, the bride received many elegant presents. Thereafter, the bride party went to Cleveland and thence to Detroit, where the bride and her party will be received by her relatives and hosts of friends, the bride received many elegant presents.

OWNERSHIP.—The Mingo Iron works, owned principally by the Woodwards, of Wheeling, commenced operations on Monday last. The first fire was started by one of Mingo's fairer daughters, a Miss Kline. Had proper precautions been afforded, these works, instead of being at Mingo, would have been erected on this side of the river, near Wellburg, Wilkeson News.

A FROD IN THE WOOD. Democrat declares that since the Government took hold of the weather it has in no way improved.

MISS MARTINDALE says she does wish they would hurry up and pass the Silver Service bill in Washington.

## Personal.

From the Point Pleasant Register.  
The child-like individual who sets up the editorial of his own matters on the Point Pleasant Register, has been turned into a red hot fury because we mentioned him in a tender post concerning his levity and political treasury—says we cheated him out of ten dollars. This put into plain English means that we defrauded him in a big kick to draw money from the State Treasury upon pretended contracts, and sent him off with a flea in his ear, and with a little wholesome advice not to be caught in such disreputable business again or we might put him where the dogs wouldn't bark at his State Journal.

William E. Stevenson, Esq., editor of the Parkersburg State Journal, and late Governor of West Virginia, in the above article, in an effort to screen himself from the payment of ten dollars, justly due him by private contract, casts an imputation upon our honor by publishing "that we defrauded him in a big kick to draw money from the State Treasury upon pretended contracts." In a word, Mr. Stevenson, we denounce this as a malicious slander, and you, sir, as a base and willful liar, and demand of you to make good your charge. When, where, and for what, did we ever present account, or accounts, against the State Treasury, for services that we had not rendered? Until you bring the proof of this, we charge and brand you as a coward, a slanderer and a liar.

GEO. W. TIPPERT.
